ABOUT

Covering the key areas of controlled mechanical power

Motion Control provides relevant insights into all the major areas concerning controlled mechanical power.

- Electricity, drives & controls
- Hydraulics
- Pneumatics

Editorial content

- Insights into the latest controlled mechanical power technology trends
- Expert opinion on industry challenges and developments
- Round-table discussions
- Best practice across products and solutions
- Detailed case studies
- Product editorial
- News, training and events

Our readers

Highly qualified decision makers in the industry, from technicians through system designers/engineers, to directors of companies that contract project engineering firms to undertake such projects.

These readers are involved in:

- Aerospace
- Agriculture
- Automotive
- Construction
- Defence
- Engineering
- Fishing
- Food & beverage
- Forestry
- Manufacturing
- Maritime
- Medical
- Mining & metals
- Paper, packaging & printing
- Pharmaceuticals
- Plastics, warehousing, etc.

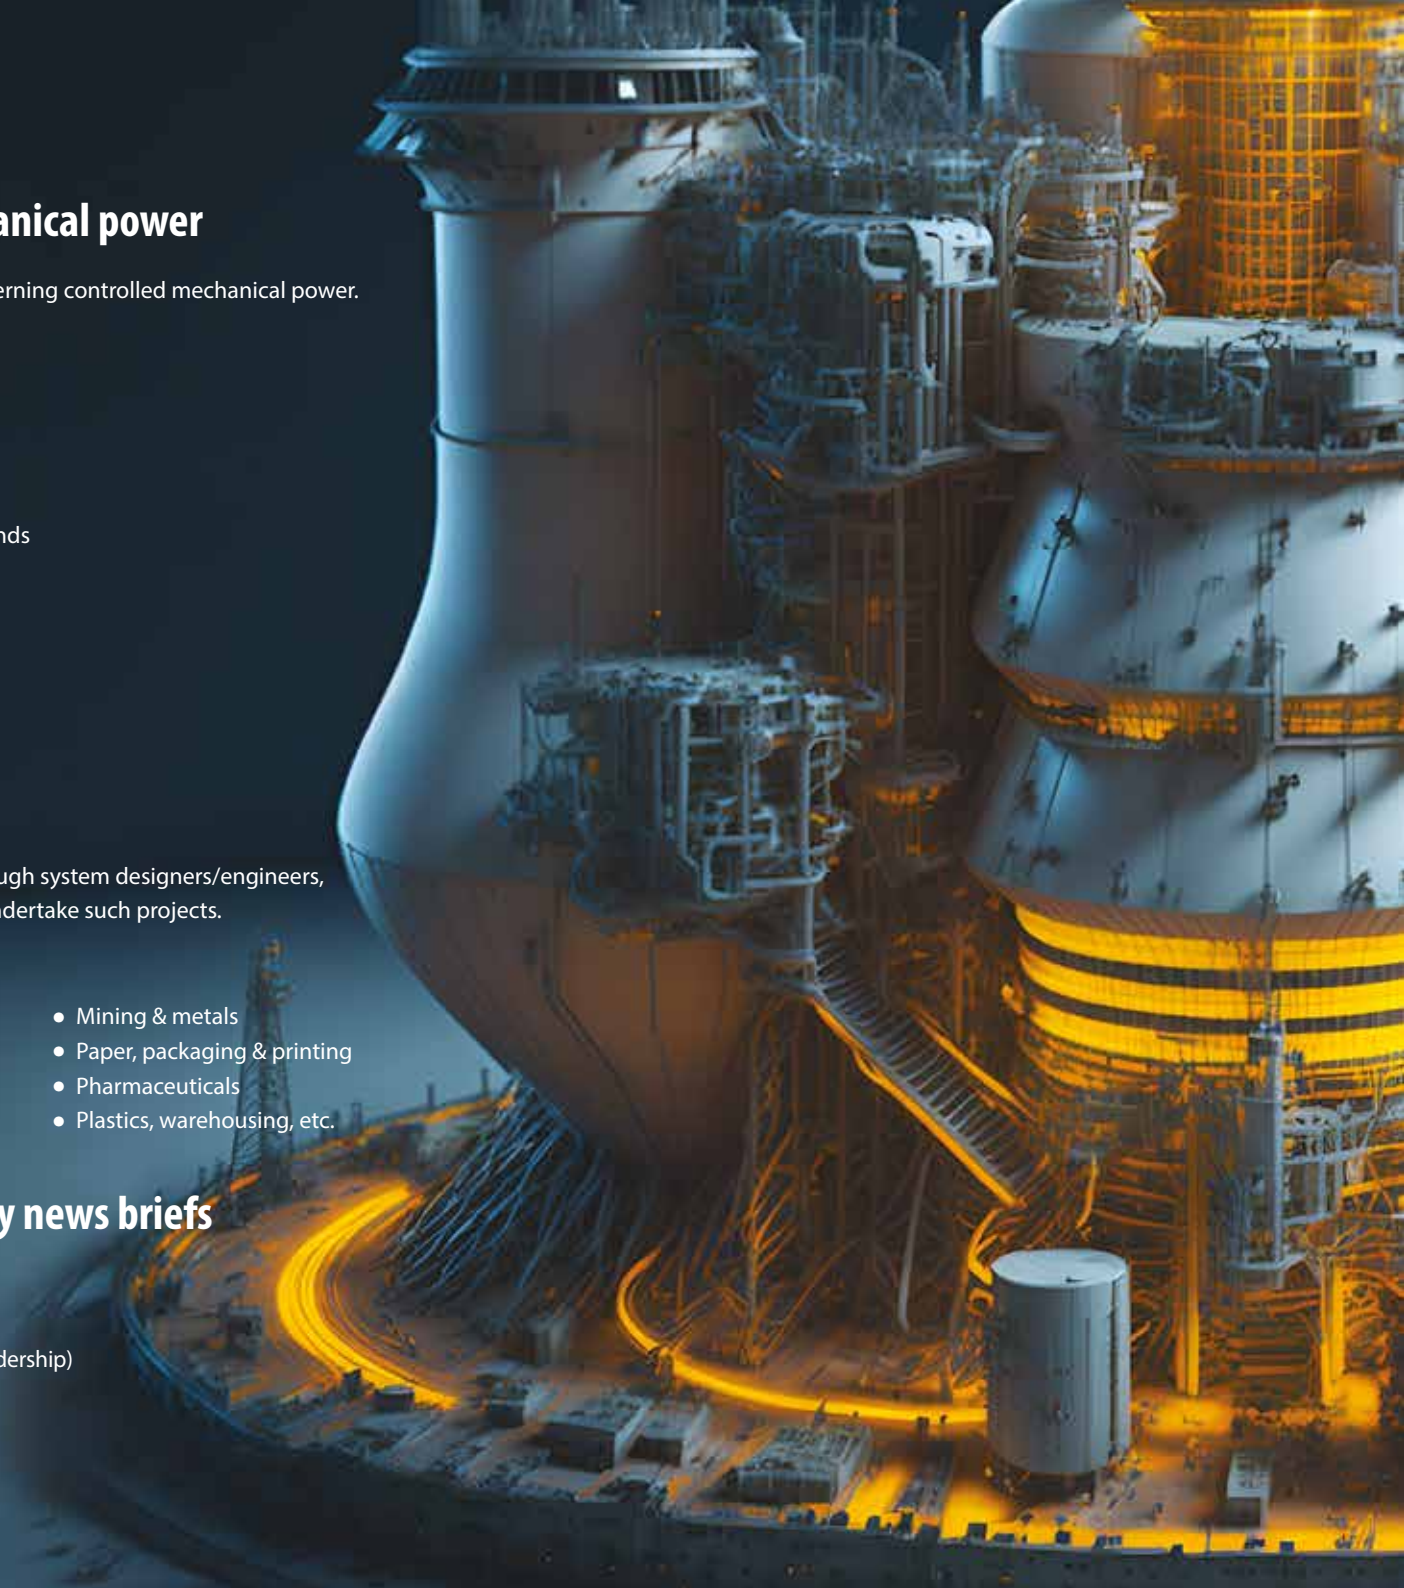

Published in print, online and supported by news briefs

The quarterly magazine

- Quarterly – four issues per annum
- Reaching in excess of 2 000 specialist readers (excluding pass-along readership)
- ABC certified circulation

Motion Control Buyers' Guide

- Published online at www.mcbg.co.za

ELECTRONIC MEDIA

www.motioncontrol.co.za

- Truly comprehensive: every article published since 2005 in easy-to-access categories
- Direct connection to related products and services on www.mcbg.co.za
- The website is designed so that each page automatically adjusts to fit the reader's screen, whether it's a smartphone, tablet, laptop or PC
- All content and advertising is accessible and easy to read, no matter when, where or how it is being accessed

www.mcbg.co.za

- The ideal place for professionals to begin their search for products and services
- Direct connection to articles and news on www.motioncontrol.co.za

The digital magazine

- Print publications are available in digital format (e-book or pdf)
- All advertising and editorial in the print issue appears in our digital magazine
- Accessible where and whenever subscribers want to read it

The news briefs

- Sent to 3 500+ professionals every two weeks
- Keeping readers up to date with the most relevant opinions, news, products, trends and developments

Direct mailers

- 1 700+ readers who have requested controlled mechanical power information from suppliers on events, product specials, seminars, etc.
- We will send your branded mailer to these readers on your behalf

FEATURES 2025

Industry and technology features

	Q1 February	Q2 May	Q3 August	Q4 November
Deadline	27 January	5 May	28 July	27 October
Regulars	<p><i>System design considerations and techniques</i> – An opportunity for you to enhance the industry’s perceptions of your company by contributing insight into your areas of expertise.</p> <p><i>Maintenance and safety issues</i> – Articles discussing issues that are specific to the safe and efficient application of controlled mechanical power.</p> <p><i>General interest</i> – Any anecdotal or informative application stories that involve hydraulics, pneumatics, their electrical counterparts or associated equipment, robotics and mechatronics.</p>			
Industry sectors	MC in entertainment & lifestyle MC in food & beverage MC in oil & gas MC in machine tools	MC in automotive & transport MC in marine MC in medical & pharmaceutical	MC in aerospace & defence MC in agriculture MC in food & beverage	MC in mining & metals MC in metalworking MC in plastics & chemicals MC in materials handling
Electricity, drives & controls	Gears & gearboxes	Electrical drives & motors	Brakes, clutches & couplings	Bearings, seals, belts & chains
Hydraulics	Hydraulic pumps, accumulators, power packs & motors	Hydraulic valves & electrohydraulic control	Hydraulic cylinders & filters	Hydraulic hose & fittings
Pneumatics	Compressors & air preparation	Pneumatic cylinders & filters Pneumatic hose & fittings	Compressors & air preparation	Air motors, pneumatic valves & electropneumatic control
Advanced automation systems	Robotics & mechatronics	MC in automation Artificial intelligence IIoT	Robotics & mechatronics	MC in automation Artificial intelligence IIoT
Technologies for motion control	Condition monitoring & maintenance	Sensors & encoders Fluids & lubrication	Condition monitoring & maintenance	Energy efficiency & renewable energy
News & events	Every issue will cover news relevant to the industry sectors on mergers, acquisitions, new agencies, changing of contact details, moves to new premises, landing of significant contracts, vacancies, new appointments, exhibitions, training courses etc.
